

worldwide innovator in flexible liquid packaging

FOR IMMEDIATE RELEASE

CDF exhibiting Cheertainer® bag-in-box, the Smart Pail™ plastic pail replacement system and flexible packaging for pails, drums and IBCs at Pack Expo International 2012

Plymouth, MA, September 17, 2012- CDF Corporation, a leading manufacturer of [liners](#) for [drums](#), [pails](#), [intermediate bulk containers](#) and [flexible packaging](#), will display flexible packaging solutions, have live interactive [bag in box](#) filling equipment demonstrations and debut CDF's newest product, the Smart Pail at Pack Expo International 2012.

Pack Expo International 2012 will be held October 28th to the 31st at McCormick Place in Chicago, IL. Pack Expo International will focus on the latest developments in packaging technology and will showcase exhibitors' state-of-the-art advances in packaging machinery, converting machinery, materials, packages and containers and components. www.packexpo.com

Representing CDF will be Joe Sullivan, President; Tom McCarthy, General Manager IBC Division; Joe Wanner, Product Manager Drum and Pail Division; Jimmy Pigg, Cheertainer Applications Engineer; Iris Kennedy, Cheertainer Product Manager; Amanda Verash-Morris, Marketing Communication Manager and Dave Christian, Jake Sullivan, Leigh Vaughn and Jayne Handscom, Sales Representatives.

CDF has a wide range of flexible products to satisfy the needs of product manufacturers and producers. CDF's liners for intermediate bulk containers, drums and pails provide outstanding performance in critical food, cosmetic and chemical applications. The [Cheertainer](#), CDF's innovative form-fit [bag-in-box](#), is an ideal solution for small and large volume needs. Ranging in size from 5 to 20 liters, the Cheertainer is UN certified and manufactured with [CDF1 Smart Seal Technology™](#), ensuring the ultimate reliability of the package.

CDF's most recent product addition is the Smart Pail, a plastic pail replacement system. The [Smart Pail](#) is a semi-rigid, flexible vacuum-formed plastic liner with the option of a hermetically sealed lid and/or snap-on plastic cover, corrugated box and corrugated lid. The Smart Pail was developed for viscous and dry products.

About CDF Corporation

[CDF](#) Corporation is a privately held flexible packaging company that leads the U.S. market in liners for industrial containers and custom packaging solutions. Since its inception in 1971, the company has maintained an entrepreneurial approach to industrial packaging, manufacturing and promotion. CDF manufactures products ranging in sizes from 2 gallons to 330 gallons in its Plymouth, Massachusetts ISO certified facility. www.cdf1.com
