

worldwide innovator in flexible liquid packaging

FOR IMMEDIATE RELEASE

CDF Speaks & Exhibits at Petroleum Packaging Council Spring Meeting

Plymouth, MA, March 3, 2011- CDF Corporation, a leading manufacturer of [drum](#), [pail](#) and [intermediate bulk container liners](#) and [flexible packaging](#), will be presenting “Filling Solutions for Flexible Packaging” at the Petroleum Packaging Council 2011 Spring Meeting.

The CDF speech “Filling Solutions for Flexible Packaging” will cover a review of the filling equipment used for rigid containers, why standard rigid fillers cannot be used for bag in box filling, the benefits and operation of a bag in box filling system and a review of the options to consider when selecting bag in box filling equipment.

Representing CDF will be Steve Gosling, Technical Director and Iris Kennedy, Cheertainer Product Manager. Steve is responsible for all technical issues including product development, filling systems, quality, product applications, manufacturing and distribution. Steve is a frequent speaker at industry trade events on a variety of topics, including aseptic filling for spouted flexible pouch technology, solutions for IBC totes and e-beam technology.

In her current role as Product Manager of the [Cheertainer bag in box](#) product line, Iris is responsible for the development and growth of the Cheertainer brand in North America. Her business goals are to increase awareness of the benefits of flexible packaging and to increase Cheertainer market share in North America. Iris is working closely with the beverage, chemical and petroleum markets. Iris will be exhibiting the Cheertainer during the tradeshow portion of the Petroleum Packaging Council Spring Meeting.

The Petroleum Packaging Council Spring Meeting will be held March 20-22 at the Renaissance Tampa International Plaza Hotel in Tampa, Florida. The Petroleum Packaging Council (PPC) provides technical leadership and education to the petroleum packaging industry, while providing a forum where members can exchange pertinent information for the betterment of the industry and the world we live in. This is done via lectures, seminars, training courses, supplier trade shows and general discussions. www.ppcouncil.org

About CDF Corporation

[CDF](#) Corporation is a privately held flexible packaging company that leads the U.S. market in liners for industrial containers and custom packaging solutions. Since its inception in 1971, the company has maintained an entrepreneurial approach to industrial packaging, manufacturing and promotion. CDF manufactures products ranging in sizes from 2 gallons to 330 gallons in its Plymouth, Massachusetts ISO certified facility. www.cdf1.com
