

worldwide innovator in flexible liquid packaging

FOR IMMEDIATE RELEASE

CDF Speaks at Petroleum Packaging Council Fall Meeting

Plymouth, MA, August 8, 2011- CDF Corporation, a leading manufacturer of [drum](#), [pail](#) and [intermediate bulk container liners](#) and [flexible packaging](#), will be presenting “Drum Liners” at the Petroleum Packaging Council 2011 Fall Meeting.

The CDF speech “Drum Liners” will cover benefits of drum liners, markets, various styles and applications, as well as an explanation of thermoforming, blow-molding and heat sealing processes.

Representing CDF will be Joseph Sullivan Jr., President. Joseph has management responsibility for all aspects of CDF Corporation. Prior to being appointed President, Joseph was Director of Operations. As Director of Operations, his core responsibilities included key account management, as well as specifying and procuring all manufacturing equipment throughout the company. In 2008 Joseph was named Co-Manager of Cheer Pack North America. Cheer Pack North America is a partnership between Hosokawa Yoko (Japan), Gualapack (Italy) and CDF Corporation. Joseph is also Chairman of the Board of Directors of Flexipack SA/ CDF Europe, a Swiss based subsidiary of CDF Corporation and Quad Pak, AB.

The Petroleum Packaging Council Fall Meeting will be held August 21-23 at the Canyons Grand Summit Resort in Park City, Utah. The Petroleum Packaging Council (PPC) provides technical leadership and education to the petroleum packaging industry, while providing a forum where members can exchange pertinent information for the betterment of the industry and the world we live in. This is done via lectures, seminars, training courses, supplier trade shows and general discussions. www.ppcouncil.org

About CDF Corporation

[CDF](#) Corporation is a privately held flexible packaging company that leads the U.S. market in liners for industrial containers and custom packaging solutions. Since its inception in 1971, the company has maintained an entrepreneurial approach to industrial packaging, manufacturing and promotion. CDF manufactures products ranging in sizes from 2 gallons to 330 gallons in its Plymouth, Massachusetts ISO certified facility. www.cdf1.com
