

UltraLiner™

Fiber Drum Liners

UltraLiner blow molded liners are CDF's best-performing drum liners. UltraLiner premium drum liners feature a heavy side wall with an ultra-thin lip making these liners ideal for heavy stress operations requiring maximum strength and protection.

Benefits

- Heavier than standard drum liners
- Ultra-thin lip for tight lid fit
- Blow molded for seamless protection
- Ensures the absolute purity of your product
- Environment-friendly packaging, helps users to reach sustainability goals

UltraLiner™

Fiber Drum Liners

Size

UltraLiner blow-molded liners are available in 30 and 55 gallon sizes for fiber drums.

Material Choices

All liners are made in America from FDA-approved films.

UltraLiners are blow-molded from low-density polyethylene to form a smooth wall that makes them easy to install. A unique, ultra-thin contoured lip snaps over the top bead for an *ultra-secure* lid fit.

Low-density polyethylene is intended for general use and provides superb tensile strength and elongation, as well as high resistance to tears and flex cracking. Low-density polyethylene is designed for applications up to 175°F.

Anti-stat contains an internal anti-stat agent to aid in the reduction of static build-up, thus reducing dry chemical static cling and chance of ignition of flammable materials.

Custom Designs

CDF will always consider custom designs.

CDF warrants that its products will be free from defects in material and workmanship for one-hundred eighty (180) days after the date of delivery. Warranty claims must be made in writing no later than five (5) business days after the expiration of the warranty period. CDF's obligations under this warranty are limited solely to replacement of such products as are proven to be defective after CDF's inspection. The foregoing limited warranty is exclusive. CDF expressly disclaims and excludes any and all warranties, express or implied, including implied warranties of merchantability and fitness for a particular purpose relating to the use or performance of CDF products. CDF shall not be liable for personal injury or property damages unless caused solely by CDF's negligence. CDF shall not be liable for loss of profit or other special, indirect, incidental or consequential damages arising out of the use of CDF products, regardless of the legal theory on which the claim is based and even if CDF has been advised of the possibility of such damages.
