## LINERPRO™ ROUND-BOTTOM LINER

**PRODUCT DESCRIPTION:** This liner uses different film laminations to provide superior moisture and oxygen protection. The form-fit, round-bottom shape of the F55/52-05-09/05-07 minimizes wrinkles and folds, thus reducing stress that often tears flat-seam designs and allows complete recovery of valuable product from 55-gallon drums. The liner is designed for easy installation and can be simply twisted and tied off to protect contents. Its flexible, heat-sealed construction is uniformly liquid tight.
